Dear Parents

It is lovely to be able to enjoy the milder weather and the additional daylight so early in the year as the nights begin to draw out a little.

Our Infant pupils joined Canon Frank for our Liturgy on 'Creation' this Wednesday.

Canon Frank then returned on Wednesday evening along with our other Governors for our regular Governor sub committee meetings: Curriculum and RE, along with Finance, Premises and Personnel.

Our Year 4 Pupils visited Tate Britain today to take a look at their pictures that are part of the artist Steve McQueen's 'Year 3 project'. Pupils took part in a work shop and were given a tour of the

exhibition which features photographs of Year 3 pupils from across London taken last year. (our current Year 4 Pupils).

We have also had some exciting science experiments in Year 1 this week and STEM Club launched their rockets successfully.

Congratulations to all of our Stars of The Week, keep up the good work! Our 'care Bear' visited Mrs Saville this week with some lovely treats for the weekend.

Wishing you all a lovely weekend.

Ms Barry

Head Teacher

Stars of the Week

Nursery News

This week Nursery have been discussing the topic of 'Opposites'. The children enjoyed participating

in many activities to reinforce their knowledge.

They have been working in small groups playing a board game with different

opposite words, using a variety of materials to create their own 'Opposite' book and enjoyed

completing a word cut and paste sorting activity.

Miss Hogsdon

Le Nouvel An Chinois,

This week, the French club celebrated Chinese New Year - Le Nouvel An Chinois, l'année du rat. They made a chatterbox with animal names, read a poem about the rat qualities, talked about Chinese traditions in France and looked at what animal was associated with their birth year.

Madame Higham

Year 1—Science

Year 1 Pupils really enjoyed their experiment this week—making a rain cloud in a jar!

Using shaving cream to represent the clouds and water to represent the air.

The coloured water is the 'rain'.

As the coloured water saturates the 'cloud', it eventually gets so heavy it can no longer hold the water—causing the 'rain' to fall.

School Calendar W/C February 3rd 2020

Monday Feb 3rd	Swimming	Yrs. 3&6	Kit needed
	Latin	Yrs. 5-6	1.05-1.35pm
	Spanish	Yrs. 3-6	12.40-1.05pm
