MISSION STATEMENT

Recognising that Gospel values are central to the life of the school, we at Laleham Lea aim to create a loving, welcoming environment in which our children may grow intellectually, socially and emotionally; an environment in which their talents are recognised and fostered and their weaknesses treated with compassion; an environment which provides quality teaching and learning within a balanced curriculum framework and which helps every child to reach their true potential.

Together with parents, who are the first educators, we aim to lead our children towards tolerance, understanding and sensitivity to the needs of others so that they may grow up as well balanced individuals with a strong sense of personal identity and an awareness of God's love.

This policy was written in consultation with staff and Governors.

Policy Statement

At Laleham Lea School, we are committed to supporting the emotional health and wellbeing of our pupils and staff. We have a supportive and caring ethos, and our approach is respectful and kind, where each individual and contribution is valued. At our school we know that everyone experiences life challenges that can make us vulnerable and at times, anyone may need additional emotional support. We take the view that positive mental health is everybody's business and that we all have a role to play.

At Laleham Lea we take a whole school approach to promoting positive mental health, aiming to help children become more resilient, happy and successful and to work in a pro-active way to avoid problems arising. We do this by:

- Creating and applying consistent ethos, policies and behaviours that support mental health and well-being.
- Adhering to a positive, restorative approach to behaviour management.
- Helping children socially to form and maintain relationships.
- Helping children to feel comfortable about sharing any concerns or worries.
- Teaching children emotional skills and an awareness of mental health so that they understand their emotions and feelings better.
- Promoting self-esteem and ensuring children understand their importance in the world.
- Encourage children to be confident and 'dare to be different'.
- Helping children to be resilient learners and to manage setbacks.

Early Identification and Warning Signs

We will ensure that staff, pupils and parents are aware of what support is available within our school and how to access further support.

All staff will be vigilant in identifying a range of possible difficulties that may be contributing to a pupil's poor

School staff may also become aware of warning signs which indicate a student is experiencing mental health or emotional wellbeing issues. Possible warning signs include:

- Expressing feelings of failure, uselessness or loss of hope

Working with Parents

In order to support parents we will:

- Share and allow parents to access sources of further support e.g. through parent feedback.

- Make our emotional wellbeing and mental health policy easily accessible to parents
- Share ideas about how parents can support positive mental health in their children.
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home.

Working with other agencies and partners

As part of our targeted provision the school will work with other agencies to support children's emotional health and wellbeing as necessary including:

- The First Aid Lead
- Educational Psychology Services
- Behaviour support
- Paediatricians
- CAMHS (child and adolescent mental health service)

Training

As a minimum, all staff will receive regular training about recognising and responding to mental health issues as part of their regular child protection training in order to enable them to keep students safe. The MindEd learning portal provides free online training suitable for staff wishing to know more about a specific issue. Training opportunities for staff who require more in-depth knowledge will be considered as part of our performance management process and additional CPD will be supported throughout the year where it becomes appropriate due to developing situations with one or more pupils.
